

ArtsBuild Videographer RFP

ArtsBuild is soliciting bids from Chattanooga/Hamilton County videographers to work on its Imagine! Program for the 2020-2021 School Year. The mission of ArtsBuild is to build a stronger community through the arts.

In a typical year, ArtsBuild's Imagine! Program enables 13,500 Hamilton County Schools students to have an in-person arts experience -- from a museum visit, to a live symphony performance, to a hands on arts encounter. Do you remember your first time standing before an incredible painting, or entering the breathtaking Tivoli Theatre? 2020 is not a common year, and due to the COVID-19 pandemic all of our Imagine! Arts experiences are going digital. For more information about our Imagine! Program click [here](#).

The selected videographer will work in partnership with ArtsBuild and local arts organizations to produce 10 (ten) thirty-five minute arts education and performance multiple camera/angle digital videos which will be used in classrooms throughout Hamilton County.

The primary audience is school children, grades K-5. Secondary audiences are web based, the public, families, YFD children, afterschool, homeschoolers, and subscribers to ArtsForward's ArtsAcademy.

The videographer contract will begin September and end in February with the completion of ten (10) .mp4 web-ready video files. Five videos completed in September/October and 5 videos completed in January/February. All completed videos must be captioned in accordance with ADA regulations. Contracted videographer will meet with participating organizations prior to the start of the Imagine! Program, midway through, and at the end to recap the program.

For consideration, please submit a 2-3 page proposal, including a budget, to ArtsBuild by **August 17**. Proposals should include at least five links to your video work and/or a link to your portfolio. Proposals should be submitted via e-mail to miriam@artsbuild.com.
