ArtsBuild receives annual support from the Tennessee Arts Commission and the City of Chattanooga. ArtsBuild relies mostly on donations from individuals, businesses, as well as private foundations. Generous donations totaling more than \$500,000 each year are critical to our mission, and determine how much we are able to allocate each year through grant-making. The more support ArtsBuild receives from the community, the more we are able to give back and invest in the arts and arts education initiatives across Chattanooga and Hamilton County.
